

NCC CAMPING REPORT

I'm cadet APARNA S, KL/SW/A/2020/128190 of unit NCC GP HQ Kollam from Bishopmoore college, mavelikara hereby submitting the report about the camp held in the collage. Due to Covid-pandemic, the 10 day camp was rescheduled to 3 days according to the covid protocol. Eventhough it was only 3 days, our unit held it in proper way and included all the activities that should be done in the regular camp.

The camp was held during 11th March - 15th March except Saturday and Sunday. The schedule was arranged as four divisions. It includes; map reading, weapon training, parade and an FEBC [field craft and battle craft]. In weapon training, they taught us about 0.22 rifle. Map reading and FEBC also held in the proper way. In Parade, they taught us about beginning parade. Even during the covid pandemic, our unit held a proper camping programme for us. And it was such a great experience that I could never forget.
