

Hello,

I'm glad that I had done very interesting and very enjoyable camp called PM RALLY. It is very difficult to describe about this camp in few words. Because this camp contains lots of emotions, tasks, proud moments, learning different cultures and so on...

So, first talk about #SELECTION

Doing pm RALLY camp from culture is also difficult for cadets like RDC but it is possible if you show full dedication of yours. In selection you have basic knowledge of any dance culture, like bhangra, kathakali, free style, hip hope and so on...Then choreographer will take a short test of your performance.

Or if they say yes, then you are selected but you can also be rejected if during sessions your performance is not worthy.

Then come on # TASKS

They will give you tasks according to your strength.

#EVENTS

1. Gymnastics
2. Group dance( of differ culture)
3. Malkham

These are the major events but they add more as there convince or also depends on theme of act.
