

02/06/2021

That very day in which I departed from Wayanad to Calicut through the beautiful Wayanadan Ghats was a great memorable day in my life. NCC was always in my dreams. My mind was filled with anxiety whether I could get enrolled in such a prestigious organisation like NCC. I reached college on time. I was thrilled to see my seniors in uniform. After the physical selection process, I had an interview with ANO. I got goosebumps while watching the whole selection process, organisational skills of seniors and great support and guidance of ANO. It is amazing that all the activities of NCC are going on smoothly amidst the threat of the pandemic Covid-19. I believe NCC is a platform of unity in diversity maintaining the principles of unity and discipline. On my way back to my heart was overwhelmed with patriotic feelings. And at last that very day arrived when I came to know that I was selected in NCC. Still in my dreams, I see that this pandemic situation will also pass and a fullfledged NCC arena will come. Let us be hopeful.
