

MY EXPERIENCE IN NCC

I joined NCC in 2019 as a cadet and it has been 2 Years and I learned my things from myself, seniors And from PI staff and learn and actual value of NCC. With due NCC talks about smartness, proper dressing and Many others. NCC trained us how to

talk , walk In discipline With others. By second year of NCC due to pandemic we only got CADRE CAMP and this camp is of 3 days apart from this we learn many activities such as drill, seminars and firing and that time we came across to know the firing procedure . We also attended weapon display event which was conducted by ASSAM RIFLES and we again came across to know the usage of different military weapons. At last I say everyone to join NCC and become a part defence and say everyone to contribute for our motherland .

Thank you
