

NCC - A HEAVEN OF LIFE

My Name is Late Corporal Nakul M. Raja, a B.Com graduate in Zamorins Greenwayanappan College. Since I had my schooling completed in CBSE syllabus schools, the term NCC was very new to me. Seeing senior cadets wearing tip-top ncc uniforms had set a great initial impression for me. The NCC cadets were always distinct from the civilian students. These impressions had attracted me towards being a ncc cadet. From the moment I joined NCC, I was evolving to be a better person. From a socially insecure and shy person to a person who is more social, interacting and courageous to take up any form of tasks willingly.

The Motto 'Unity and Discipline' itself had a great effect on fastening and nourishing up my behaviours. The parades and drill had taught us the importance of discipline and being unanimous. We always worked in a team, acquiring team work and leadership skills.

The bond we shared with our seniors was excellent, unlike the civilian students. Although due to Covid 19 we had limited no. of camps, all those were attended with great effort and derived excellent values from it.

Till now never have I ever been in regret or not happy about being in nce, instead had always enjoyed this awesome journey throughout my life.
