

01/06/2021

I am ex-musical NCC cadet in my school level. So I was fascinated to join in college level. I had decided to get enrolled. I went for selection. The Physical test, written exam and CO sir's interview was exciting. And finally I got selection. All of our seniors and ANO are our role model. They teach us discipline, unity and knowledge about NCC and Indian Armed Forces. All of our senior parties attended National camps. It was very inspiring. We had a marching to Coorg in first year. It was incredible. I enjoyed every activities conducted by NCC inside and outside the college. And the three-day camp at Kapt for B certificate exam, I learned more about weapon training, map reading and drill. It was the first I am in the shortlist of shooting in our battalion this year. I am glad, I got this opportunity to fire. And that is the first time CO sir and AO sir talk to me about grouping. I am really happy to say that. And during this pandemic situation seniors conduct so many activities at home.
