

01/6/2021.

NCC made a huge difference in my life which is beyond words. It likes having lots of memories with lots of lessons. NCC is a enormous family where every moment get to spend is precious. I am proud to be part of this family. The first day when my seniors introduced their experiences in NCC I decided to get enrolled. The physical test, written exam and CO Sir's inter view was exciting. Our seniors were very inspiring and talented. They taught us all the way from basics of NCC to the regimental way of life. On each parcel I become better and stronger. I learned how to be physically active and responsible. In short time it made me mentally strong. Due to pandemic, we missed many Camps. I got the chance to participate in the B cadre camp at KAPTC, Westhill. It was a great plat form to learn, evolve, develop and display. NCC has changed my life, enhanced my goals, sharpened my skills and led to my overall personal development.
