

First day experience in NCC uniform

I can't forget the first day when I wore the NCC uniform for the college. I was so excited and happy to wear the uniform, because it was one of my ambitions to become a part of NCC. But before that I was so worried about the NCC selection and its result but later when I came to know that I was selected, it was one of the most happiest moments in my life. Actually the goal of my life is to become a part of the Indian Army therefore NCC is the way to achieve my goal. My confidence was increased when I wore the uniform and I spent almost half an hour looking at myself in the mirror before going to college wearing the NCC uniform for the first time. When I reached the college my seniors pointed out the mistake I had made in wearing the NCC uniform. They instructed me about wearing the uniform properly because it was the first time I was wearing NCC uniform. It was one of the happy days in my life which I can't forget throughout my lifetime.
