

Puneet Sagar Abhiyan

It is a vision of our honourable Prime Minister Shri Narendra Modi and National Cadet Corps (NCC). NCC has initiated a nationwide flagship Campaign 'Puneet Sagar Abhiyan', to clean Seashores, beaches and other water bodies. The main motive of this Campaign is to clean the water bodies specially the Sea and river so the aquatic life could be safe. The disposable plastic are threatening the aquatic life. Plastic is a substance which cannot be broken down by natural organisms and act as a source of Pollution. Thus, our government took the initiative and we the Cadets on the behalf of government is trying to aware people to stop/avoid the use of Plastic which is harming our ecological environment. The initial phase of 'Puneet Sagar Abhiyan' is being conducted in a grand manner in April 01-05-2022 in the occasion of 'National Maritime Day'. More than 1.7 lakh Cadets from all over the 17 State Directorates were participated in this glorious Campaign in various activities. In the initial stage we are cleaning the Seashores/beaches and other water bodies. By watching us the citizens were also getting motivated from us. In last few months around 19 tonnes of Plastic garbage has been collected. We are

getting immense success in this great work.
Thus, it has been decided that this activity will be conducted throughout the year. We can accept that soon we are going to have a clean and soft waterbodies for ~~our~~ aquatic animals.
