

save Ganga -

River Ganga is one of the most famous rivers in the world. People from foreign countries never miss the chance of visiting the Ganga. The Ganga is a holy river, it comes down from Gangotri. The holy river of India. River Ganga is an important aspect of Hindu mythology. In Hinduism, the river Ganga is considered as a goddess who gives life and relieves you of all your sins. It rises from the Himalayan glaciers and has many tributaries including the river Yamuna. It starts its journey from the Himalayas and empties in the Bay of Bengal.

Since the river Ganga flows in the majority of the land of India, it provides. It supports the agriculture, fishing and tourism industry extensively. Hindu festivals like the Kumbh Mela Festival is celebrated on the banks of the Ganga every year where the Ganga Aarti (Holy worship) is also performed and it has succeeded in cleaning.
