

DAY AT SEA(21/11/2022)  
INS SUJATA P56

KL/21/SW/N/171609 NC1 NIKITHA VINCENT Naval Wing Cadet of ST Teresa's College, Ernakulam. We the students of college got a chance to spend a day at a ship. It was organized by 7(k) Naval Unit NCC. For visiting a day in a ship we had to fill several forms and had to take our parents signature and permission. 21/11/2022 Monday morning 5:30am we went Naval Base venduruthy at vembanad gate. After all verification we got inside the ship. The ship was INS SUJATA P56 for SWs and INS TIR for SDs. They divided us into groups. Juliet was my group and we had 5 members. Our Sir showed us all the areas in the ship and explained to us its functions. They provided us Breakfast, Snacks and lunch too. It was very delicious and north Indian style. They showed a video that was based on the Indian navy. There were rooms, washroom all basic facilities what we required. The best part was they showed us a demo of the exchange of men and materials between both ships. The helicopter of the Indian Navy showed us a demo of escape and rescue. Then we take pictures. And returned by evening to Venduruthy Naval base. I had a wonderful experience that happened in my life when we went to the deep blue sea. The day was a very memorable one with lots of good memories. As part of the Ncc Naval wing I'm proud that I visited the ship and enjoyed the day with good memories.
